Course Detail

The New Zealand Certificate in Credit Management Level 4 is designed for students currently working in the Credit Management arena. The course covers key aspects of these roles and associated New Zealand legislation. This course will build on and enhance your existing knowledge in terms of credit practices and processes. It is offered online and has flexible start dates.

This course is NZQA recognised and results for completed papers will appear on the student's record of learning with The Skills Organisation and the New Zealand Qualifications Authority.

This course covers the following unit standards:

16758 – Evaluate credit worthiness

16959 – Manage credit facilities

16960 – Manage credit policies and procedures

17701 – Produce and distribute management reports to manage credit risk

17702 – Demonstrate knowledge of the Personal Property Securities Act

ALL Participants will receive:

- Free membership to New Zealand Credit and Finance Institute (NZCFI) for one year - usually individual membership costs \$150 per year.
